One of my favorite spots to stop in and visit is Mora Chevrolet Buick. As soon as I walk in, no matter who I see of their many associates, I am welcomed with a smile and greeted by my name. I usually come in for a reason, a question or an idea – and I head into my friend, Mark Masters' office and if I'm lucky I get to see another one of my favorite people – owner Ron Wolff.

One thing about sales is feeling comfortable with who you're working with. Trust is another important factor. These folks stand behind their products and their promises. One of the goals of Mora Chevrolet is to be a committed positive entity within the community they serve. In this small town, where people really know one another, word gets around. This business knows that their growth depends on how they are perceived within the community. They believe in Mora; they care about the people here.

Mora Chevrolet Buick is also a strong supporter of our local community – an unfailing member of the Mora Area Chamber of Commerce – and participates in many events including the East Central Home, Business and Community Expo for the first time in 2011.

They are supporters of the Kanabec Sportsmen's Fair, as well as a Tent Sponsor of the 2012 Vasaloppet. They also host a fun and activity-filled Ice Fishing Clinic for our local kids coming up in late February/early March. Here you can bring your kids in to Mora Chevrolet Buick for the third year of this extremely popular event. Last year over 300 people attended and it's sure to be even bigger this year. They will feature celebrities the likes of: Winter Fisherman Dave Genz, Clam Corporation's Mike Smith, several Mille Lacs Guides including Mike Krone who is the parts associate at Mora Chevrolet Buick. A portable "Clam" Fish House was the grand prize in 2011 and every kid who attended was given a gift bag full of great prizes! Again, in 2012 there will be giveaways during the entire time!

We're so pleased to have Mora Chevrolet Buick in town and proud to know that they share with us the importance of being involved in the community. They are a strong supportive anchor here, employing many of our local folks – all who have unique interests and backgrounds and who are teamed together for one goal, to make Mora Chevrolet Buick a successful business which is recognized favorably within the community. This they do well, but personally, it's nice to know, I can always find a friendly welcome and smile whenever I walk in.
